Dear Sir/Ma,

I am writing to apply for a position as a computer scientist in your organization. I believe that my strong technical experience and education will make me the very best candidate. The key strengths that I possess for success in this position are portrayed by the work I have done which are stated below:

- I have successfully designed and developed live use applications using dotnet development (asp, c#, javascript, css, ajax, html and sql server).
- I have also developed applications in java and python using Mysql database netbeans and pycharm IDE respectively.
- I am a system maintainer, I work on software updates, software installation and system troubleshooting
- I strive for continuous growth in knowledge, excellence and experience.

With a BSc. degree in computer science, I have a full understanding of the full lifecycle of a software development project. I also have experience in learning and excelling at new technologies as needed.

Thank you for your time and consideration. I look forward to hearing from you about this employment opportunity.

Sincerely,

Nafisat Sanni.
